Option 0

No Parking Lot Security Fence

Possible Ornamental Entrance Gate Design for Options 2 & 3

Option 1

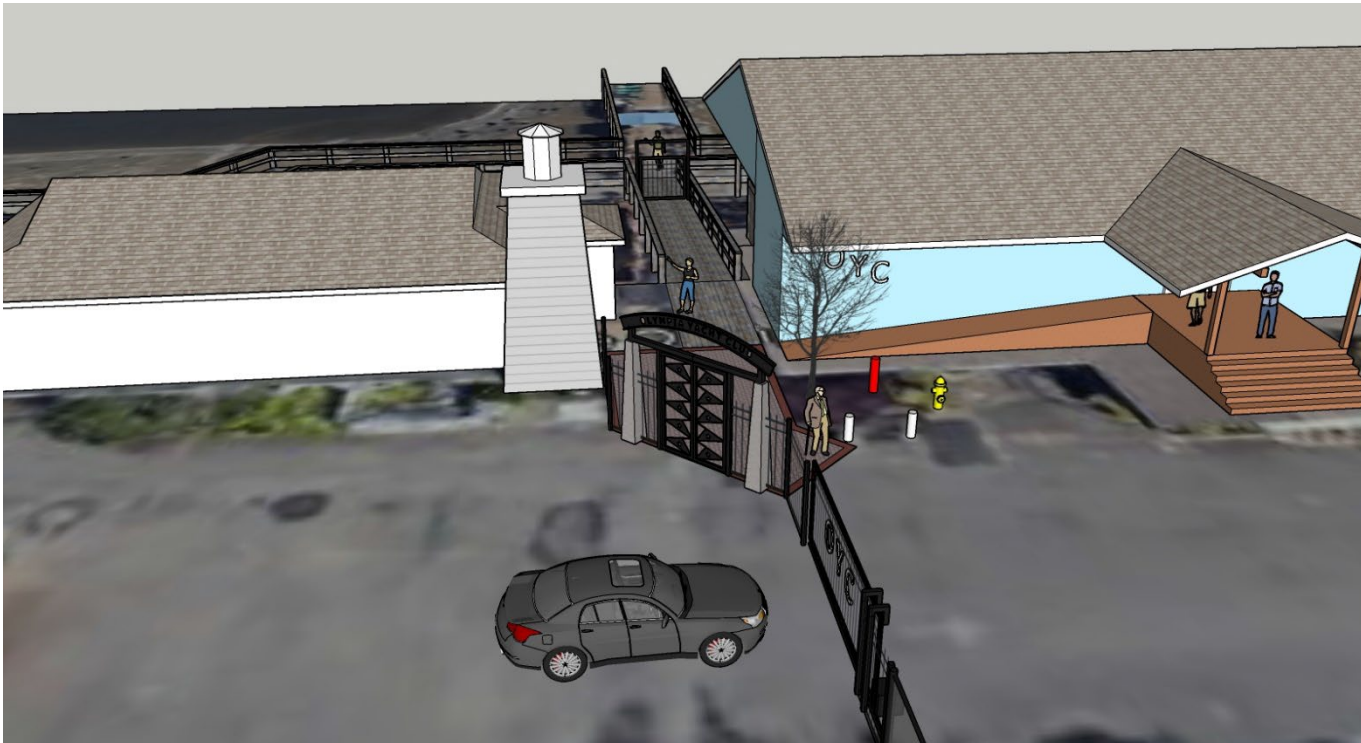

- 1) Rebuild the ADA ramp to the clubhouse to turn back on itself so it ends in the secure parking lot.
- 2) One Security gate out of parking lot and one security gate entering docks.
- 3) Walkway open between clubhouse and caretaker house.

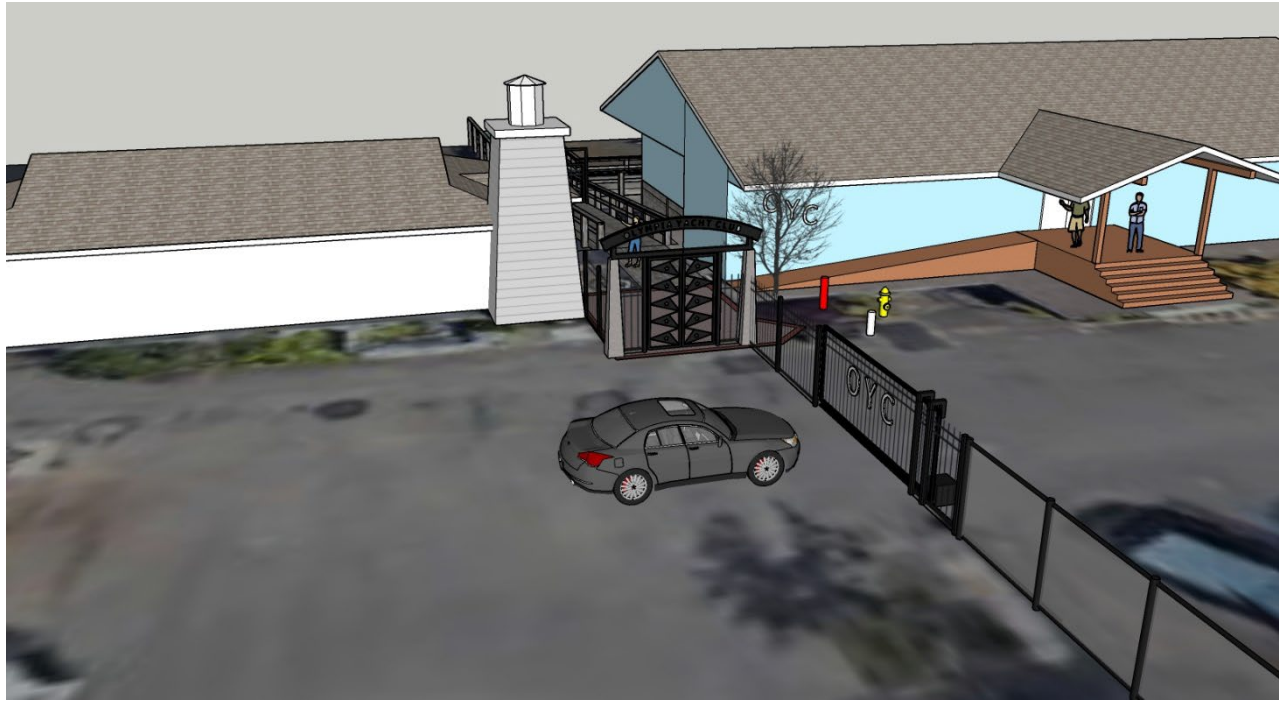

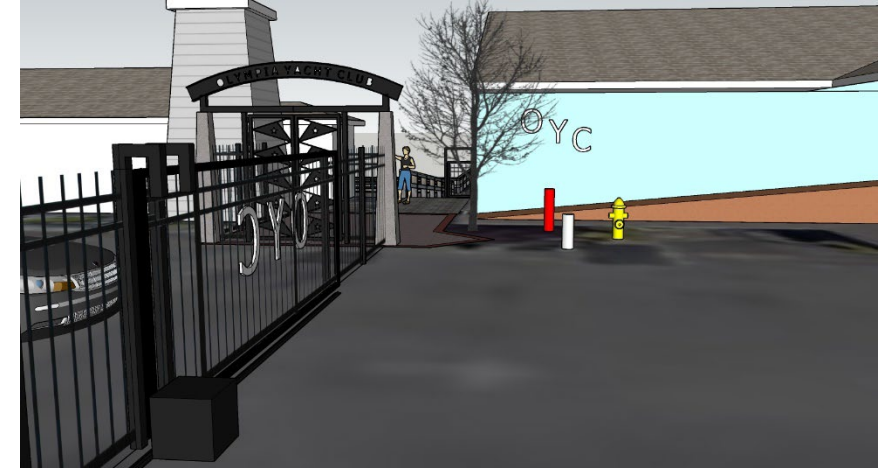

Option 2

- 1) Existing ADA ramp remains as is.
- 2) Security gate at north end of walk between clubhouse & caretaker's cottage and security gate entering docks.
- 3) Walkway closed between clubhouse and caretaker's house.

Option 3

- 1) Similar to Option 2 but gate is aligned with walk between caretaker's cottage & clubhouse.
- 2) Existing ADA ramp remains as is.
- 3) Security gate at north end of walk between clubhouse & caretaker's cottage & security gate entering docks.
